KNT Network

The KNT is a long distance hiking trail connecting the entire country of Kyrgyzstan and offering the adventure of a lifetime.

Building a network of local communities, businesses and initiatives across Kyrgyzstan we support ecological, economic, and educational programs.

Connecting travelers directly to Kyrgyz land and community, we foster sustainability, natural conservation, and community empowerment and developments.

The Word on the trail

"A path where human beauty matches the natural beauty surrounding it."

IDO | Sum. '24

"Diverse untouched landscapes and warm people, adventurous yet organized I'll be back :)"
